SKILLS

Languages:	C++, Java, Python, SQL
Frameworks:	Power BI, HTML, CSS, OOP Concepts
Tools/Platforms:	MySQL, MS Excel, Data Processing Tools, VS Code, IntelliJ IDEA, Jupyter Notebook
Soft Skills:	Problem-Solving, Adaptability, Teamwork ,Public Speaking, Anchoring

PROJECTS

library Management System: GitHub	Aug' 25
- Developed a python-based library management system used for managing library operations efficiently. - Implemented secure backend logic for book issuing, book returns, and fine calculations with accurate Validations. - Built modular service layers to streamline library operations and improve overall system performance. - Developed secure user registration, login authentication, and library account creation ensuring data integrity.	
Ticket Booking Web Application	Feb'26
- Developed a dynamic travel platform using Python (Flask) and SQLite to search and book flights, trains, buses, and hotels across India. - Integrated live APIs (FlightRadar24, Rapid API) to display real-time flight statuses, mapping coordinates, and realistic pricing mock ups. - Built a secure user dashboard for managing active bookings, viewing lifetime expenditure statistics, downloading digital tickets, and managing profiles. - Designed a highly responsive, animated frontend with dark/light themes using HTML/CSS/JS, and deployed the live application scalable on Vercel.	

TRAINING

Lovely Professional University	June'25
Fundamentals of Data Structures: Learn, Apply and Build Projects	
- Completed a summer internship program focused on Java development and real-world GUI-based applications. - Gained firsthand experience in building Java GUI applications using Swing / AWT, including event handling and user interaction. - Developed mini-projects demonstrating problem-solving through object-oriented programming principles in Java. - Strengthened understanding of core Java concepts, application flow, and user interface design for efficient software solutions. - Earned Grade 'B' (70% and above) as per internship evaluation criteria.	

CERTIFICATES

Java and graphical user interface - Authorized by Microsoft	Nov' 24
ChatGPT-4 Prompt Engineering, Generative AI & LLM- Infosys	Oct' 24
Build Genrative AI Apps and Solution with No-code Tools - Udemy	Jan' 24
Web Hackathon– Participated	Mar' 23

EDUCATION

Lovely Professional University	Phagwara, Punjab
<i>Bachelor of Technology - Computer Science and Engineering; CGPA: 6</i>	<i>Aug' 23 – Present</i>
DAV Police Public School	Panipat, Haryana
<i>Intermediate; Percentage: 70</i>	<i>Apr' 21 – Mar' 22</i>
DAV Police Public School	Panipat, Haryana
<i>Matriculation; Percentage: 70</i>	<i>Apr' 19 – Mar' 20</i>
